Scope and Content

This government series consists of records created, accumulated and used by the Standing Committee on Communication, established in 1981, and its predecessor, the Select Standing Committee on Library which was originally established in 1889.

As one of its functions, the Committee examined and approved the retention and disposal of records submitted by the Saskatchewan Archives Board on behalf of government departments, boards, agencies and commissions. The records were accumulated between February 1979 and June 1990.

The types of records included are: attendance records; correspondence; memoranda; minutes; motions; recommendations; research material; verbatim reports; and votes and proceedings.

Twelve sub-series were identified within the series.
